*The first choice of products to get to know the relevant FrutoNanny products.

**20 complementary food products by FrutoNanny passed the clinical trials at the National Medical Research Center for Children's Health under the Russian Ministry of Health in 2011, 2012, 2013, 2016, 2018, namely: clarified apple juice, clarified pear juice, apple and pear juice with pulp, apple puree, pear puree, prune puree, broccoli puree, cauliflower puree, pumpkin puree, rabbit puree, turkey puree, dairy-free rice cereal, dairy-free buckwheat cereal, NFC apple juice, NFC apple and pear juice, NFC apple and plum juice, NFC apple and blackcurrant juice, squash puree. Breast milk is the best source of nutrition for infants. Please consult a pediatrician before introducing the complementary feeding. Please read the information on the pack to learn more about the age restrictions.

PROGRESS JSC is a dynamically developing Russian production company, the leader in the domestic baby food market.*

The company produces and sales

- FrutoNanny baby food
- Malysham baby food
- FrutoKids baby food
- Lipetsky Buvet mineral water.

PROGRESS has a high-tech factory in the Lipetsk Region producing over 1.4 billion packs a year.

The new PROGRESS dairy factory was launched in 2017 and possesses the state-of-the-art equipment. At its own factory, the Company produces dairy and fermented milk products — yoghurts, biolacts, biocurd, milkshakes, liquid cereals, baby milk in its factory.

Our values

Development

Knowledge and expertise, striving for continuous development, leveraging the state-of-art technologies and scientific achievements are our approach to work.

Responsibility

The satisfied customers, the company's success, the world around us are our responsibility .

People

We value everyone's contribution to the common result. Diversity, trust and unity are our strength.

Partnership

Collaboration, understanding of common goals, respect, mutual assistance and trust are our style of behavior.

* According to the SCIF (Shopper-Centric Information Flow) Panel by ROMIR MONITORING STANDART, PROGRESS has the biggest audience among the people who buy baby food living in the Russian cities with 10,000+ population (July 2019 – December 2019).
